

ELSOC Newsletter #1

Term 1 Week 4 2025

From: ELSOC President
To: ug_all; EETstaff

Thu 12-Mar-26 7:20 PM

Welcome to the first ELSOC newsletter of 2026! We hope your year is off to a great start, you're enjoying your new classes and spending lots of time with your friends! We're thrilled to bring you a huge lineup of events this term; from crafty socials events, to sports days, workshops and revision sessions.

It's been great meeting everyone at our events so far this term!! Thank you for your participation and we can't wait to see you again soon!

If you're in your first year of EE&T, don't forget to check out our First Year Guide [\(here\)](#)! It's packed with tips and tricks to help make your transition into uni life a little smoother.

UPCOMING EVENTS

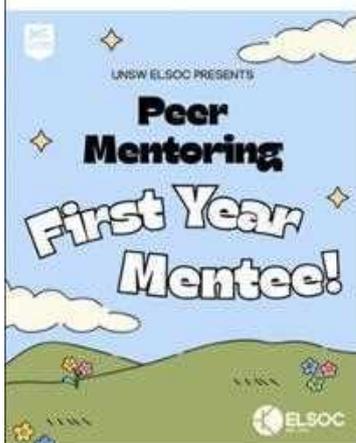

TWEET x ELSOC Volley and Vibes

Date: Week 4 Friday

Time: 1-3PM

Location: Alumni Lawn

Join ELSOC and TWEET for a day of sports, crafts and bonding!! Get active, social and creative as a break from your classes! As a celebration of International Women's day, we welcome you to wear some purple and have some fun this Friday!

Peer Mentoring!

If you've applied to be a mentee or a mentor, get excited for the start of our peer mentoring program. We've got a number of super exciting events in store and can't wait to get to know you better. Check your emails for the details!

PAST EVENTS

ELSOC O-Week

Thank you to the over 300 students who attended our o week stall! It was amazing to get to know new students and welcome them to uni, and also to see our amazing returning students. The stall featured keyrings, MATLAB merch, custom PCB keychains, and information about our current events and opportunities. There's more merch on the way - keep your eyes out! We also saw one lucky student win a \$50 yochi voucher!!

Welcome Back BBQ

We started the term with a packed BBQ for students to enjoy a free meal during their day. Long lines stretched on globe lawn, and we had the opportunity for our directors and execs to introduce themselves to students and represent ELSOC.

Saber Fireside Chat

We are so thankful for Dr. Jason Held's appearance at our first Industry event of the year, a fireside chat with the CEO of Saber Astronautics. We were left feeling inspired after hearing about his life story from the military to postgraduate study to founding his very own company. Students asked many questions and he gave us insightful career advice!

ELSOC x WIESOC x BESS x RAMSOC x TWEET

First Year Camp

This weekend, over 120 students went to our annual First Year Camp!! We collaborated with a number of different engineering societies, and had over 25 volunteer older students to help welcome our first years to uni life. Many long lasting friendships were formed and memories were made!

Labs Skills Workshop

This week we had our first workshop for the year and it was great seeing everyone there!! We worked on getting used to using oscilloscopes and improving our lab skills. More workshops are on the way, stay tuned!

CURRENT OPPORTUNITIES

Careers in Semiconductor Design Event

- 📅 Date: 26 March
- 🕒 Time: 5:00 – 8:00 PM
- 📍 Where: Cicada Innovations

Join S3B for an exclusive evening exploring Chip Design Careers!

The Semiconductor Sector Service Bureau (S3B) invites you to an exciting evening with industry professionals to:
